To whom it may concern

Testimonial for Tab Kruger

Tab has worked for Bonwyke Ltd in the UK and Europe for over 20 years and has experience in installing all types of Solar Control, Security and Safety window film products. He has managed a team of installers as a supervisor with UK standard Site Supervisor Safety Training Certification.

He has installed all levels of Blast film protection including frame retention systems and has accreditation from the manufacturer.

Tab is also experienced in the installation of large format visual graphics for walls and glass systems using vinyls and wall coverings. He has project management skills and experience with direct contact with customer facing situations. He has also trouble shooting experience and is a very capable employee.

Tab has experience from the initial customer enquiry level, to surveying and project managing the end result. His man management skills are an invaluable asset to any company, as is his honesty and wish to work hard.

Regards

Chris George
